| Usually just 10-15 minutes to take roll and get initial instructions, then we work independently (not on Zoom). | 0.48\% | 0.00\% | 0.00\% | 0.00\% |
| Usually somewhere between 10 minutes (role, beginning of class) and 45 minutes or so, then working independently (not on Zoom). | 2.86\% | 3.14\% | 1.05\% | 1.41\% |
| A variety of times, sometimes 70 minutes, sometimes less. It varied from class to class and day to day. | 49.05\% | 62.89\% | 51.58\% | 59.86\% |
| For the whole 70 minute class period, generally in large group format. | 4.29\% | 3.77\% | 17.37\% | 3.52\% |
| For the whole 70 minute class period, including large group and smaller breakout group sessions. | 43.33\% | 30.19\% | 30.00\% | 35.21\% |

When meeting on video conference (e.g. Zoom), how often did your teachers have you work in large groups (whole class) vs. small groups (breakout rooms).

Along with small group meetings that school counselors schedule during the semester, they look to meet with each of their students individually during each semester. During this first quarter of the first semester, have you met with your school counselor?

For those of you who did connect with your school counselor individually, how did you connect with him or her (check all that apply). $(\mathrm{n}=328)$
